

1) Data Engineering Internship

OFFICE: Pearson India Education Services Private Limited -
Bengaluru, Karnataka

₹25,000 a month

FOR APPLY: <https://internshala.com/internship/detail/data-engineering-internship-in-bangalore-at-pearson-india-education-services-private-limited1615361558>

About the company:

Pearson has a simple mission to help people make more of their lives through learning. We are the world's largest education company, with 40,000 employees in more than 70 countries helping people of all ages to make measurable progress in their lives. We provide a range of education products and services to institutions, governments, and directly to individual learners that help people everywhere aim higher and fulfill their true potential. Our commitment to them requires a holistic approach to education. It begins by using research to understand what sort of learning works best, it continues by bringing together people and organizations to develop ideas, and it comes back by measuring the outcomes of our products.

About the internship/job:

Selected intern's day-to-day responsibilities include: 1. â€¢ Developing back-end components and writing scalable code using Python or Java programming language 2. â€¢ Integrating data storage solutions, user-facing elements using server-side logic 3. â€¢ Identifying, and implementing internal process improvements, including re-designing the applications for greater scalability, optimizing data delivery, and automating manual processes 4. â€¢ Maintaining and enhancing our existing data and analytics system 5. â€¢ Communicating effectively across multiple teams to determine application requirements 6. â€¢ Performing other duties as assigned
