

1) Associate Cloud Developer

OFFICE: CHEP - Bengaluru, Karnataka

FOR APPLY:

<https://careers.brambles.com/ShowJob/Id/2853243/Associate%20Cloud%20Developer>

Brambles companies, including BXB Digital, help move more goods to more people, in more places than any other organisation on earth. Our 330 million pallets, crates and containers are continuously in motion, forming the invisible backbone of the global supply chain and the world's biggest brands trust us to help them transport their goods more efficiently, sustainably and safely. As pioneers of the sharing economy, Brambles created one of the world's most sustainable logistics businesses through the share and reuse of its platforms under a model known as 'pooling'. Brambles primarily serves the fast-moving consumer goods (e.g. dry food, grocery, and health and personal care), fresh produce, beverage, retail and general manufacturing industries. The Group employs more than 10,000 people and operates in over 60 countries with its largest operations in North America and Western Europe. For further information, please visit www.brambles.com.

Job Description

Title: Associate Cloud Developer

Organization: BXB Digital, CHEP India

Location: Bangalore

Job Responsibilities :

- The Cloud developer is responsible for building and maintaining BXB Digital IT infrastructure which is on AWS at the moment. You will manage the applications deployed and servers running. Also, you will develop, deploy and document new systems or maintain existing systems on Cloud Platforms.
- The Cloud Developer will be at the frontline, monitoring the performance and capacity issues while also performing initial triage for outages and service failures.

- Figuring out repeatable tasks, automating those and tooling wherever necessary.
- Manage day to day cloud operations, access control tasks and work on tickets assigned.
- Work closely with engineering and support teams to ensure BXB Digital system is always up and running.

Competencies :

- Fresher or at most 1 year experience.
- Experience using Unix/Linux operating systems
- Excellent analytical and problem solving/troubleshooting skills
- Ability to learn new technologies quickly and independently
- Good communication and interpersonal skills and strong attention to detail.
- Knowledge of any of these languages: Python, Go
- Knowledge or experience in one or more of the following elements
 - Cloud platforms: AWS/GCP/Azure
 - Cloud-native Solutions: Kubernetes, Docker
 - RDS : MySQL, Postgres
 - Tools / Software: Jenkins, Github, Bitbucket

Preferred Education

Bachelors

Preferred Level of Work Experience

Less than 1 year

We are an Equal Opportunity Employer and we are committed to developing a diverse workforce in which everyone is treated fairly, with respect, and has the opportunity to contribute to business success while realizing his or her potential. This means harnessing the unique skills and experience that each individual brings and we do not discriminate against any employee or applicant for employment because of race, color, sex, age, national origin, religion, sexual orientation, gender identity, status as a veteran, and basis of disability or any other federal, state, or local protected class.

Individuals fraudulently misrepresenting themselves as Brambles or BXB Digital representatives have scheduled interviews and offered fraudulent employment opportunities with the intent to commit identity theft or solicit money. Brambles and BXB Digital never conduct interviews via online chat or request money as a term of employment. If you have a question

as to the legitimacy of an interview or job offer, please contact us at recruitment@brambles.com.
